

Observe Insurance — General Claims Process

Overview

Our claims process is designed to be transparent and efficient. From filing to resolution, you will be kept informed at every step. Standard claims are processed within 10-15 business days.

Filing

Once you file a claim, you receive a confirmation email with your claim ID. Use this ID in all future communications. Our system assigns a priority level based on the type and severity of the incident.

Investigation

Your assigned adjuster reviews the details, inspects the damage, and may request additional documentation. Cooperating promptly helps speed up the process.

Evaluation

The adjuster evaluates your claim against your policy terms and determines the coverage amount. You will receive a detailed explanation of the settlement offer.

Resolution

Upon approval, payment is issued within 5-10 business days via your preferred method (direct deposit or check). If you disagree with the settlement, you may appeal within 30 days.

Expedited Processing

Diamond and Platinum plan holders have access to expedited claims processing, reducing the standard timeline by up to 50%. Contact your agent or call our priority line for details.
